

Your Invitation

Dear CBA Church Network and others:

Surely, all of us have had one of those life-impacting experiences that gives us new focus. I had one of those in 2016 when I was asked to lead a team from a CBA church on an evangelistic mission trip to Hungary. It occurred again in the Fall of 2018.

While there, our host churches made great plans to reach out to their friends, neighbors and others in their cities. The response to our outreach was good and the churches in Hungary have done a great job of follow-up.

It is my prayer that many of our CBA churches will enlist a team to go with me/us. A team consists more or less of 4 to 8 people from one or more churches. Of course, a church can have more than one team. We would love to see our pastors as team leaders, though it is not a requirement.

I am praying that God will call at least 10 to 15 churches to partner together as living witnesses of the Gospel in Hungary. I believe the Hungarians can add to the number of their churches hosting a team, if needed.

The spirit is moving in Hungary. You have probably heard about the awakening there. **You are invited** to join me in responding to this wonderful "Macedonian call."

Prior Experiences

The following reflections are from previous similar projects in Hungary.

Yesterday we went to three schools. Had a great time learning from each other and starting a fellowship with the students. Saw many who are willing to hear the word. Tuesday we went and met the mayor of Tatabanya & presented him with a letter from our mayor. He was happy we are in his wonderful city. Can't wait to see God's working when Ms. Naomi talks on Friday.

The word on my heart is JOY! Joy in so many ways and from so many sources. We have had a wonderful week. God has been using this time to challenge young Hungarians. We have been very pleased that the church has used us in several mission activities outside of the camp, including a home group in which we shared the gospel with four unbelievers.

All is well in Tahitotfalu. We worked with both English and religion classes at the school today and had a wonderful meal with a church member host and about five people who were not believers.

When the American team of deaf believers arrived at the church where the Hungarian deaf meet, we were served a delicious meal. During the worship, we signed one song based on Psalm 100 and one of our team members gave her testimony. Several interpreters were involved during the message: First translated from Hungarian sign language to spoken English then to American Sign Language. It was great to see God lead the conversations and we started to build relationships with the Hungarians
