

Hungary English Bible Camps

Summer, 2022

Covid considerations:

Everyone who participates must be vaccinated (booster currently not required). Your insurance covers any care that is necessary due to a Covid infection, but only if you have been vaccinated. We will have a contingency plan in place for quarantining, if it were to become necessary. Money has been added to the budget so that every participant can be tested before leaving Hungary to return home.

The Baptist Union of Hungary, in conjunction with local Hungarian churches have asked Hungary Missions to bring English speakers to conduct summer English Bible camps. Each team will use the Bible as its curriculum in elementary schools, high schools, and vocational schools. Hungarian teachers and students, ages 7 to 18, will be taught English-as-a-Foreign Language (EFL) and hear about the good news of Jesus.

Local church members will work along side you at the camp each day.

You are invited to make a difference in the world during the summer of 2022 on this cross-cultural adventure. You will see and experience this beautiful country as no tourist ever will: living with a Hungarian family in their home, meeting their friends and family, and not only seeing Budapest, but also large and small towns and villages outside the capital.

You will be trained with special tools and a curriculum to teach English as a foreign language. You will have your own story translated to use as a way to introduce yourself and communicate your faith. Church members will be there to help as well. Hungary Missions will provide training as you and your teammates prepare to go.
