

Hungary English Bible Camps

June 21- July 2, 2023

The Baptist Union of Hungary, in conjunction with local Hungarian churches have asked Hungary Missions to bring English speakers to conduct summer English Bible camps.

Local church members will work along side you at the camp each day.

You are invited to make a difference in the world on this cross-cultural adventure. You will see and experience this beautiful country as no tourist ever will: living with a Hungarian family in their home, meeting their friends and family, and not only seeing Budapest, but also large and small towns and villages outside the capitol.

You will be given a complete curriculum to use during the day camp.. You will have your own story translated to use as a way to introduce yourself and communicate your faith.
